

To all  
MHADIE Partners  
Participating to Prague Meeting

Milan, 26 May 2006

Re: MHADIE Scientific Meeting  
Prague, 31<sup>st</sup> May – 3<sup>rd</sup> June 2006

Dear Mhadie Partners,

We are now but a few steps away from our meeting in beautiful Prague, and I wish to thank Prof. Olga Svestkova for her kind collaboration and support.

Here are a few information I would like to give you.

#### PRACTICAL INFORMATION

Please make sure to change your currency into Czech Crowns on your arrival. We have heard that credit cards are not accepted everywhere, therefore you should be prepared and bring some cash.

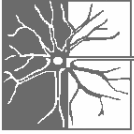

Dinner on 31<sup>st</sup> May will be hosted by MHADIE co-ordinating centre, National Neurological Institute Carlo Besta, for all the participants. It will be at Petrinske Terasy, located on Petrin Hill.

On 1<sup>st</sup> June dinner will be hosted by our Czech Partners at Faust House, Karlovo namesti 40, a few minutes' walk from the venue of our conference. You will receive an invitation and a map of the area by Prof. Olga Svestkova.

Principal Investigators, along with members of Advisory Board and PEC are invited for dinner on 2<sup>nd</sup> June by the Dean of the First Medical Faculty of Charles University. You will receive more information once in Prague.

#### AGENDA

Here is the last version of our agenda. We have made some adjustments on 2<sup>nd</sup> June as Commissioner Spidla has been able to confirm attendance only in the afternoon. Also attached is the final leaflet advertising our 2<sup>nd</sup> June meeting.

As far as the WP meetings are concerned, I recommend that you bring along all the material you need for discussion in your specific WP and for report preparation. Please liaise with your WP Leader in this regard before leaving for Prague.

**MOBILE PHONE NUMBER**

Please note that as of today my mobile phone number is: +39 347 1118521

I look forward to a successful meeting and wish you an enjoyable stay in Prague.

Warm regards,

Matilde Leonardi, M.D.  
MHADIE Coordinator

Encls.
